

College Football Betting System

Winning since last century!

Does the old system of betting unranked favorites to ranked teams hold up?

·Among early “use oddsmakers’ knowledge against them”

• Strong rule of thumb: stronger the statement, stronger the bet

Meaning bigger spread and higher the rank of the dog, stronger bet

Unranked faves of 2.5 or more to team ranked 17 or higher 160-125-5
56.1 percent
